

Marathoners Eligible for Special LI Challenge Medal

Great news, runners. Those completing both the 2017 Long Island Marathon and the 2017 Suffolk Marathon will receive a second, special medal.

RXR Long Island Marathon Weekend, Catholic Health Services Suffolk County Marathon and the Greater Long Island Running Club have collaborated to bring you the Long Island Challenge.

If you finished the RXR Long Island Marathon and then complete the CHS Suffolk County Marathon in October, you will receive this great, extra medal.

The best part is, if you're already registered to run the RXR Long Island Marathon on May 7, you're already registered for the Long Island Challenge! There is nothing more you need to do. And if you haven't registered yet, there's still time! Register for the Long Island Marathon at the expo; sign up online now for the Suffolk marathon.
